

Dear Valued Guest,

As COVID-19 continues to impact the communities where we do business, we would like to let you know what to expect when visiting our facility or having us cater to you and what steps we're taking to keep our Associates and Customers safe.

Nothing is more important to us than the health and safety of our Customers and our family of Associates. We continue to emphasize the importance of excellent hand washing practices, to strictly require Associates who don't feel well to stay home from work, and to frequently disinfect commonly touched surfaces in all areas of our restaurants.

Following are some of the additional safety precautions that we are taking:

Daily pre-work symptom and temperature checks for every Associate

Providing and requiring the use of cloth face covers and additional gloves for Associates

Limiting occupancy in our facility to ensure appropriate physical distancing

Providing hand sanitizer in each of our dining rooms

At Fabulous Food Inc, we always hold ourselves to very high cleanliness and health standards that are designed to maintain a safe and healthy environment, and we will continue to do so. We will continue to use and follow all required and recommended procedures of the Washtenaw County Health Department, the Michigan Restaurant Association, the National Restaurant Association, CDC, and WHO.

We are committed to only using vendors and suppliers that maintain and strictly adhere to all prescribed Covid-19 safety protocols.

We are committed to doing what's right to protect our Customers and Associates, and to do our part in preventing transmission of COVID-19. Thank you to our loyal Customers for your continued confidence and trust in our people and our company.

Respectfully,

Kyle Kooyers, Chef-Owner

Lawrence Jenks, Service Director-Owner

Fabulous Food Inc.
